

## RSMobile – From Setup to Service

YOU WILL LEARN HOW TO	COURSE CONTENT	WHO SHOULD ATTEND
<ul style="list-style-type: none"><li>• Understand the fundamental differences between the PDT3100 and the RSMobile scanner</li><li>• Understand the purpose and placement of each component of RSMobile</li><li>• Configure and register your RSMobile scanner</li><li>• Implement wireless RSMobile communications</li><li>• Navigate the RSMobile scanner menus</li><li>• Use the RSMobile scanner for Record Center Operations</li><li>• Download, service and upload workorders</li><li>• Queue up picklists or workorders to a particular user</li><li>• Sort items by workorder or by delivery route</li><li>• Create a pickup workorder on the fly</li><li>• Understand and manage RSMobile communications sessions</li><li>• Handle Refile Lists – the automated way</li><li>• Create and use 2D barcodes to speed up operations</li><li>• Use the Reassign feature in any function of RSMobile</li><li>• Use important function keys</li></ul>	<p><b>THE TECHNOLOGY</b></p> <ul style="list-style-type: none"><li>• RSMobile Communication Server</li><li>• Active Sync</li><li>• Wireless Communication</li><li>• Typical Network Configurations</li></ul> <p><b>PREPARING RS-SQL FOR RSMOBILE</b></p> <ul style="list-style-type: none"><li>• RSMobile Licensing</li><li>• Configure the RSMobile Scanner</li><li>• Register the RSMobile Scanner</li><li>• Initialize the RSMobile Scanner</li></ul> <p><b>RSMOBILE COMM SESSIONS</b></p> <ul style="list-style-type: none"><li>• Queuing Concepts</li><li>• Understanding the RSMobile Comm Session Grids</li><li>• Processing sessions</li><li>• Handling exceptions</li></ul> <p><b>USING THE RSMOBILE SCANNER</b></p> <ul style="list-style-type: none"><li>• GUI Interface</li><li>• Navigation without the stylus</li><li>• Reassignment</li><li>• Record Center Ops</li><li>• Picklists</li><li>• Route Operations</li><li>• Simplified Refile Lists</li><li>• Create and Use 2D Barcodes</li><li>• Download and Upload Options</li><li>• Reload Workorders</li><li>• Schedule Items for a Return Date</li><li>• Record an item's alternate code or object code</li></ul>	<p>This course is valuable for IT professionals and Operations managers and staff who are responsible for installing, configuring, using or training others on RSMobile. Fluency in use of RS-SQL is a prerequisite.</p> <p><b>Note:</b> The RSMobile scanners are a completely new scanning platform. They are NOT similar to the PDT3100 in use or in configuration. Understanding the fundamental differences in technology and functionality is essential in order to plan your implementation.</p>
