Inventory
Check inventory, perform simple or advanced queries, add and edit items in inventory, perform Global Edits, save your own inventory lists and much more!

The Inventory grid allows you to work with Containers, Filefolders and Tapes all at the same time. You can perform rapid data entry or edit multiple items while your grid views remain open and available for you to refer to.

Order
Create workorders online.

Order Express
Place quick orders using different options depending on how much you know about the items.
